Two student organizations to know about:

GAMMA NU ETA (GNH)

Established as the first national IT Honor Society to recognize and promote excellence in the study and the leadership of Information Technology, to offer knowledge and services to its members' schools and surrounding communities; and to play an active role in the application and evolution of Information Technology within society.

INFO TECHNOLOGY & MANAGEMENT ORG (ITMO)

Created to benefit the students of the campus interested in Information Technology. This organization is open to all Information Technology Management Majors as well as any students interested in being part of ITMO. The goal of this organization is to create relationships with professional networking groups in order to work closely with getting students into careers within their field.
