TEACHING FACULTY POSITIONS OPEN IN COMPUTER SCIENCE AND INFORMATION TECHNOLOGY & MANAGEMENT

The Departments of Computer Science and Information Technology and Management at Illinois Institute of Technology invite applications for multiple full-time, non-tenure-track teaching faculty positions at the Senior Instructor, Senior Lecturer, or Industry Associate Professor ranks, to begin August 2022. Teaching responsibilities will include undergraduate and graduate courses in computer science and information technology and management respectively, both for majors and for non-majors.

Candidates must have an M.S. or Ph.D. in a relevant field and preferably at least two years of teaching experience.

Successful candidates will have experience and demonstrated excellence in teaching and developing instructional materials. The selected candidate's faculty appointment title will be determined by the hiring department, in its sole discretion, and be commensurate with the candidate's experience.

The Department of Computer Science offers Bachelor of Science, Master of Science, Professional Master, and Ph.D. degrees in computer science, cybersecurity, and artificial intelligence, and has over 1300 students.

The Department of Information Technology and Management offers Bachelor's, Bachelor of Science, Master's, and Master of Science degrees in information technology and applied cybersecurity / digital forensics—with multiple specializations covering both technical and management topics—and has as many as 600 students in the department.

Bachelor's degrees in both departments are accredited by the Computing Accreditation Commission of ABET, www.abet.org, and Illinois Tech has been designated as a National Center of Academic Excellence in Cyber Defense Education by the National Security Agency and the Department of Homeland Security.

Both departments are part of the fast-growing College of Computing, which also has growing partnerships with Chicago's burgeoning tech community and our local communities of Bronzeville and Bridgeport.

Illinois Institute of Technology, a private, technology-focused university, is located just 10 minutes from downtown Chicago. The university's founding mission is to improve people's lives through technical education and innovation, and it has delivered on this promise for over a century.

Illinois Institute of Technology is an EEO/AA/Title VI/Title IX/Section 504/ADA/ADEA employer committed to enhancing equity, inclusion and diversity within its community. It actively seeks applications from all individuals regardless of race, color, sex, marital status, religion, creed, national origin, disability, age, military or veteran status, sexual orientation, and/or gender identity and expression. All qualified applicants will receive equal consideration for employment.

Application materials should include: a cover letter, resume or CV, teaching statement, and at least three professional references. Review of applications will begin immediately. Applications will be taken until all available positions are filled.

For Computer Science, apply here: https://academicjobsonline.org/ajo/jobs/21070

For Information Technology & Management, submit applications to the department at itm_search@iit.edu.

For questions regarding the positions or application, please contact info@cs.iit.edu for Computer Science or itmdept@iit.edu for Information Technology and Management.
